Talent Technology announces new TechConnect program to build technical community in the HR & Recruiting software industry

The industry leader in resume extraction and search technology launches new community initiative to further the progress of HR software.

Vancouver, BC and Chicago, IL – September 30, 2009 – Talent Technology Corporation, provider of award-winning Resume Mirror and HireDesk software, today announced its new [TechConnect program](#) for [HR software](#) technology professionals at the HR Technology Conference and Expo in Chicago, IL.

[TechConnect](#) is a forum created and moderated by Talent Technology Corporation that brings together people passionate about delivering software products and solutions to the HR and recruiting industry.

*“Our goal is to create a community of thought leaders,” said **Andrew Cunsolo, Director of Product Development for Talent Technology**, “We will discuss, debate, learn and share experiences and best practices with a view to improving and contributing to the body of knowledge in the industry around delivering great HR & Recruiting software.”*

The [TechConnect program](#) centers around a series of panel-style webinars, featuring the latest technologies, products and best practices in developing and delivering HR/Recruiting solutions. Many of the topics have been put forward by participants. The intent is to focus on knowledge sharing between people who are making technology and deployment choices and decisions around their [recruiting solutions](#).

For information on upcoming webinar topics and to join the discussion, visit www.talenttech.com/techconnect.

Talent Technology will be exhibiting at the [HR Technology Conference and Expo](#) in on September 30-October 1, 2009 in booth #244, and is a platinum sponsor of the [HR-XML Consortium](#) luncheon on October 2, 2009.
