

FOR IMMEDIATE RELEASE

OLSSON ASSOCIATES CHOOSES HIREDISK TO INCREASE RECRUITING EFFICIENCIES

HireDesk delivers improved success in the competitive engineering market

Vancouver B.C., — April 11, 2006 — Talent Technology Corporation, the award-winning provider of HireDesk, recruitment technology solutions, today announced that Olsson Associates has selected and deployed HireDesk's recruiting solution for Corporate Recruiting.

Olsson Associates is a rapidly growing firm that provides engineering, planning, landscape architecture, surveying, building system commissioning, construction observation, and environmental sciences services. By selecting HireDesk Olsson Associates was able to address their primary requirements of improving their recruiting processes, and candidate management and communications.

"HireDesk has enabled our team of recruiters and hiring managers to easily cultivate candidate relationships and collaborate on the selection of new hires," said Lindsay Selig, Human Resources Associate for Olsson Associates. "With fourteen offices, we needed a centralized recruiting solution that would improve our ability to communicate more effectively with our candidates. In addition, with HireDesk we've been able to streamline our workflows and reduce both our manual data entry and paper-based processes that were costing us time and money. Our partnership with HireDesk has allowed us to minimize our recruiters' manual workloads so they can focus their efforts on quickly and efficiently finding and hiring the best candidates."

HireDesk delivers on demand recruiting solutions that offer sophisticated candidate search, tracking and relationship management capabilities. The solution automates and streamlines the steps involved in a company's hiring processes, from initial requisition approval, to resume processing, candidate assessment, interview, and hiring. HireDesk is designed for easy implementation and delivers companies the ability to hire and retain top quality employees through a fast and efficient hiring process.

"In the last few years, the engineering industry has experienced amazing growth which has resulted in a serious skills shortage and extreme competition for qualified engineers," said Jade Bouelle, CEO of HireDesk. "Olsson Associates is overcoming this challenge by giving their recruiters state of the art tools and enabling them to focus their efforts on finding and securing this scarce talent," continued Bouelle.

About Olsson Associates

Olsson Associates provides engineering, planning, landscape architecture, surveying, building system commissioning, construction observation, and environmental sciences services. With offices in fourteen cities in the United States, Olsson Associates is ranked at number 234 on the Engineering News Record list of Top 500 Design Firms.
