## **CORGAN ASSOCIATES GOES LIVE WITH HIREDESK AND ENHANCES RECRUITERS' PERFORMANCE**

HireDesk helps Corgan achieve results in the competitive architectural design industry

**Vancouver B.C., — April 25, 2006** — Talent Technology Corporation, the award-winning provider of HireDesk, recruitment technology solutions, today announced that Corgan Associates has selected and deployed HireDesk's solution for Corporate Recruiting.

Corgan Associates needed to replace a proprietary system with a recruiting solution that would automate their recruiting processes in order to improve efficiencies and meet their constant demand for placing skilled people. They also wanted to build stronger candidate relationships by instituting a centralized database that could be easily accessed and shared by Human Resources and hiring managers.

"We have tremendous growth projected for this year and HireDesk will save us time by streamlining our workflows and reducing administrative tasks that were straining our resources," said Renee Sneed, Vice President of Human Resources for Corgan Associates. "HireDesk will enable Human Resources and hiring managers to easily collaborate on the selection of new hires while developing and maintaining candidate relationships, which in some cases, can last for years," continued Sneed.

HireDesk delivers on demand recruiting solutions that offer sophisticated candidate search, tracking and relationship management capabilities. The solution automates and streamlines the steps involved in a company's hiring processes, from initial requisition approval, to resume processing, candidate assessment, interview, and hiring. HireDesk is designed for easy implementation and delivers companies the ability to hire and retain top quality employees through a fast and efficient hiring process.

"Corgan Associates is tackling a skills shortage in the architectural design industry by equipping their recruiting team with advanced tools that make them more competitive in finding and securing scarce talent," said Jade Bourelle, CEO of Talent Technology Corporation. "We look forward to helping them drive even more success in this industry and are extremely pleased to be working with such a respected company," continued Bourelle.
