## **Talent Technology Recognized in Deloitte Technology Fast 50**

*Recruiting Software Company Ranked 45th  
Fastest Growing Technology Company in Canada*

**Vancouver, BC – October 1, 2009** – Talent Technology Corporation, provider of leading [applicant tracking software](#) and [component recruiting technology](#), announced today that it is the only [recruiting software](#) company to be listed among the Deloitte Technology Fast 50, a ranking of the 50 fastest growing technology companies in Canada.

Talent Technology ranks 45<sup>th</sup> among all technology companies nationwide based on percentage of revenue growth over five years.

*“With the surplus of job candidates out there today, employers are seeking better ways to find, attract, screen and hire the best candidates,” said **Jade Bouelle, CEO, Talent Technology**, “Our software helps automate these recruiting processes to provide the speed and efficiency companies need to hire top talent and stay ahead of the game.”*

Bouelle goes on to express how thrilled the company and its employees are to be recognized among Canada’s technology growth leaders. For over a decade, the Deloitte Technology Fast 50 program has tracked the successful growth of Canadian-grown global leaders. Now Canada’s pre-eminent technology award program, the Technology Fast 50 augments the broader Deloitte North American Technology Fast 500.

### **Deloitte Technology Fast 50™ Ranking**

A ranking of the 50 fastest-growing Canadian technology companies with the highest percentage revenue growth over five years. To qualify for the Deloitte Technology Fast 50™ ranking, companies must have been in business for at least five years, have revenues of at least \$5 million, be headquartered in Canada, own proprietary technology, and conduct research and development activities in Canada. A panel of subject matter experts evaluates and judge companies based on four key criteria: competitive advantage; size, growth, and market attractiveness; management effectiveness and organization; and financial performance.
