Talent Technology Named to Software Magazine's 27th Annual Software 500
*Software Magazine Ranks Talent Technology as one of the
World's Largest Software Companies*

Vancouver, BC – Sept 23, 2009 — Talent Technology, a leading provider of **on-demand applicant tracking** and **component recruiting technologies** for the recruiting/staffing industry and corporate HR departments, today announced its inclusion on the *Software Magazine's* Software 500 ranking of the world's largest software and service providers, now in its 27th year.

Talent Technology was ranked 428th this year, jumping up 22 places from last year's ranking.

"The 2009 Software 500 results show that revenue growth in the software and services industry was healthy, with total Software 500 revenue of \$491.3 billion worldwide for 2008 representing 8.8% growth from the previous year," **says John P. Desmond, editor of Software Magazine and Softwaremag.com.**

"This is our second year within the Software 500 ranking and the improvement in placement over last year demonstrates the strength of our position among our industry peers," **said Jade Bouelle, CEO of Talent Technology.** *"By staying focused on our customers and delivering the innovative recruiting software that they need to drive recruiting results, we are poised for another successful year ahead."*

The Software 500 is a revenue-based ranking of the world's largest software and services suppliers targeting medium to large enterprises, their IT professionals, software developers and business managers involved in software and services purchasing.
