

Metropolitan Aligns Best Practices with Talemtry

Based in Cape Town, South Africa, Metropolitan Life Ltd. provides financial services and life insurance to lower and middle income markets in South Africa and other countries within Africa. Metropolitan processes up to 25,000 resumes annually, and is required to maintain a 2-year record of applicants and hiring criteria. Talemtry enables single-click, accurate capture of candidate data, facilitates compliance with legal requirements, and frees HR to focus on value-added activities.

“When the CV is compiled properly, we’ve experienced on average 90% accuracy of the extracted data. Talemtry is an excellent tool adding tremendous value to the recruitment process.”
